Podain. Page 4.^e

Fig. 1.^{ere}

Diagram showing a circular path with arrows indicating direction. The path starts at the top, goes clockwise around the perimeter, and then inward to the center. There are four small 'x' marks on the perimeter and four 'c' marks in the center.

56

Podain

Fig. 2.

Diagram showing two vertical oval paths with arrows indicating a clockwise direction around each oval. Below each oval are two small 'c' marks.

Podain

57

Fig. 3.

Diagram showing two horizontal paths with arrows indicating a back-and-forth direction between two points. Below each path are two small 'c' marks.

58

Podain

Fig. 4.

Diagram showing a complex path with multiple overlapping loops and arrows. Below the diagram are two pairs of small 'c' marks.

59

Podain

Fig. 5.

Diagram showing a path consisting of vertical lines with arrows pointing downwards. Below the diagram are two pairs of small 'c' marks.

60

Podain

Fig. 6.

Diagram showing two large loops with arrows indicating a path. Below the diagram are two pairs of small 'c' marks.
